Greetings from the East,

Well it seems that we have finally found some nice weather. The May meeting went very well with one petition turned in. We have the Zoo day coming up very soon and hope for another success. Also the Grand Lodge annual meeting is coming up very soon and I will be attending on behalf of Huntertown. We still have many fun activities planned for the year and I hope that we start to see more interest for some of the dormant members. These are great ways to come a meet the newer brethren and there families.

The calendar for June is looking like this. June 2<sup>nd</sup> is our monthly meeting at 7:30pm with a practice scheduled for 6:30pm. Then on June 11 we are having a canoeing trip up on the pigeon river. If you are interested please contact myself so I can get a count to reserve the canoes. There are no rough waters and anyone is welcome to come from small children up. We will be having our first fund raising event with our vending trailer at Turtle Days in Churubusco on June 15th to the 18<sup>th</sup>. Then the last thing on the schedule for June will be our monthly study night on June 23<sup>rd</sup> at 7:00pm.

I would like to see as many brothers at the stated meeting on the 2<sup>nd</sup> due to we will be having our annual discussion on weather we want to make changes to our dues or the by-laws. There has been much talk about raising the dues. I would like everyone's input on this discussion. We also have started a lodge beautification project and will be looking for donations to help with things such as getting the parking lot redone so that it does not look like a yard. This is along with some landscaping to make the lodge look appealing. This will hopefully allow us to start renting the lodge basement out to make some money off of the building. We did have a large garage sale in the basement in May that went over pretty well.

Fraternally

Phil Thomas W.M.
