Greetings from the East,

September was another good month at Huntertown Lodge. It was very active with the Golf outing and lodge of instruction along with working at the Dekalb County Fair. It has been great over the past few months to see the brothers getting involved more in to the ritual work and wanting to learn more. We have had contact with a few older members also that have not been around in a while.

Next month we have another candidate that we are getting ready to start through the degrees. We are planning to have an EA degree on the 13th of October at 7:30 pm. Also next month we will be having a Fall Festival on the 15th at 6:30 pm and will have more details to be announced. There will also be our standard Lodge meeting on the 6th at 7:30 pm and study night on the 27th at 7:00 pm. Come out and join us in these events and find the true brother hood that this fraternity is all about.

I would like to end up with thanking Leo Lodge for the dinner and good fellowship that was provided and the Lodge of Instruction. Also to all the members of our lodge for there great work on the degree's and practices that we have had I applaud you. Along with a special thanks that goes out to all the brothers and especially there families that helped out with the Dekalb County Fair.

W.M. Phil Thomas
