Tiding from the East,

I would just first like to thank everyone that helped out with the Installation in December. I was a good night and has lead into the great start of 2012. In January we had a good family night with a lot of fun for all. Then we kicked off the “Nuts and Bolts of Freemasonry” to help new and old members with things that they wanted to know but may just not known what to ask. We had 7 members of our lodge attend Founders Day and it was a good trip. They had a new skit that was the origin of Indiana Grand Lodge preformed by the Founders Day Players.

For February we have on the calendar. Feb. 2nd stated meeting 7:30pm. Feb. 8th Entered Apprentice Degree at 7:30pm. On the 10th we will have our fun activity and that will be announced later. On the 16th will be the “Nuts and Bolts of Freemasonry” and on the 23rd will be our regular practice night at 7:00pm. I invite all our brothers that have not been to lodge in awhile to come and participate and make our lodge a strong and thriving group.

Phil Thomas
